ABOUT MYSELF

I have recently **graduated** with a **Bachelor's Degree** in *Multimedia Science and Technology* from the **University of Udine** in *Italy*. I have a **technical background in computer science** and experience in **cybersecurity** and **Identity and Access Management**, which have provided me with a solid foundation in *digital security*.

I also spent **a year studying abroad** in *Barcelona*, an experience that broadened my perspectives and enhanced my adaptability. Passionate about **video games, cinema, and technology**, I am especially interested in **computer graphics** and continuously seek to expand my skills in this area.

BACKGROUND

My Professional and Academic Path

1. I began my professional journey in September 2018.
2. In September 2021, I enrolled at the University of Udine, choosing to transition from a full-time job to a part-time position to balance work and studies.
3. In 2023, the company I worked for, ADVNET S.R.L., was acquired by ACS Data Systems S.P.A.
4. In July 2023, I resigned for personal reasons and in preparation for a one-year Erasmus period that started in September of that year.
5. I studied abroad at the University of Barcelona during my Erasmus period, enriching my academic experience.
6. I have recently graduated (in January 2025) with an experimental thesis focused on the development of a tech demo for the original PlayStation.

EDUCATION AND TRAINING

2023 – 2024 Barcelona, Spain

Erasmus + Program (Two semesters) University of Barcelona

Faculty of Computer Science:

- Programming 1
- Data Structures
- Image Processing
- Ethics and Legislation

Faculty of Audiovisual:

- Audio and Video Editing
- Cinematography

Faculty of Design and Development of Video Games and Serious Games:

- Computer Graphics
- Modelling, Character, and Scene Animation

Faculty of Design, Animation, and Digital Art for Video Games and Serious Games:

- Foundations of 3D Modelling

Other:

- Catalan Language Course (A1)

2021 – 2024 Italy

Bachelor's degree in Multimedia Sciences and Technologies University of Udine

Department of Mathematical, Computer and Physical Sciences (DMIF)

Website <https://www.uniud.it/> | Field of study Multimedia Sciences and Technologies | Final grade 109 | Level in EQF EQF level 6 | Type of credits ECTS | Number of credits 180 | Thesis Retrocomputing on PlayStation 1: design and development of two Tech Demos for the console's 30th anniversary

2013 – 2018 Vicenza, Italy

Industrial Expert Chief Technician School ITT G. Chilesotti

Website <https://www.chilesotti.edu.it/> | Field of study Information and Communication Technologies (ICTs) | Level in EQF EQF level 5

WORK EXPERIENCE

06/2023 – 08/2023 VICENZA, Italy

Identity and Access Management Engineer ACS Data Systems S.p.A.

I previously worked at **ADVNET S.R.L**, which was acquired by **ACS Data Systems S.p.A** in June 2023. In this new role, I focused primarily on **Identity and Access Management (IAM)** tasks, further developing my expertise in this critical area.

I have since **resigned in preparation for my upcoming Erasmus period** in Barcelona, motivated by personal reasons and a desire to broaden my **international experiences**.

Microfocus / Netiq Certifications:

Business or Sector Professional, scientific and technical activities | **Website** <https://www.acs.it/it/>

09/2018 – 06/2023 VICENZA, Italy

System Engineer ADVNET S.R.L

As a **System Technician and Consultant**, I began my career as a **first-level technician**, focusing on resolving technical support tickets in **Windows and Linux** environments (client and server), as well as **Networking and Security** assistance. My responsibilities included:

- Repairing and configuring PCs.
- Providing on-site and remote technical support for PCs, servers, and printers.
- Installing software and managing corporate antivirus solutions.
- Troubleshooting network issues.

Over the years, I gained knowledge in **Identity and Access Management (IAM)****, primarily in **Linux server** environments, through online courses and training. I specialized in **Microfocus, NetIQ**, and **Novell** software, providing technical support and consulting to medium and large enterprises on cybersecurity management. My role involved:

- Managing and configuring IAM software for centralized user management.
- Setting up Self-Service Password Reset (SSPR) tools and password recovery solutions.
- Administering sensitive user information within a secure vault.
- Implementing Single Sign-On (SSO) systems to streamline user access across multiple accounts.
- Monitoring and reporting on security measures.

I also have experience with **C++**, **Java**, and **JavaScript**, which complement my technical background and enable me to assist with software-related tasks.

**IAM systems integrate technologies, policies, and procedures to control user access to critical applications and protect personal data from unauthorized access.

Business or Sector Professional, scientific and technical activities | **Address** Via Marco Corner, 19/21, Thiene VI, 36016, VICENZA, Italy | **Website** <https://www.acs.it/it/le-nostre-sedi/advnet/>

06/2016 – 06/2016

Work-Study Program Dainese S.P.A

I completed a one-month **work-study program** internship at **Dainese** in the IT department, where I provided technical support and assisted with the setup and maintenance of PCs.
